

Course Title: Transportation Engineering I (Practical)

Course Code: - BECVE403P

Semester : - Fourth

BECVE403P Transportation Engineering I (Practical)

COs	Bloom's Taxonomy Level	The students shall be able to
C403.1	2	Understand the classification and strength parameters of sub-grade soil through various tests.
C403.2	3	Identify different physical and engineering properties of aggregates by performing different test on road aggregates.
C403.3	2	Understand the various properties of bitumen material by performing various tests on it.
C403.4P	3	Make use of knowledge of Highway engineering on field site,
